

सब्ज़ी Sabzi

फल Fal

This is how you do the activity...

- 1. Let the students cut out the baskets and the fruits/veggies.**
- 2. Ask them to independently place the fruits and veggies into the correct baskets (Let them just do their best guess, even if not correct).**
- 3. Once placed start telling them the names of each fruit and veggie in Hindi.**
- 4. You can also talk about colours here.**
